Locate Ordered:	Date Post Installed:
MOW <input type="checkbox"/>	Date funding received by Kiwanis

WE WANT YOUR ADDRESS

What if you have a medical emergency, a fire, or the need for a police officer? Can your home be found in a timely manner? Every second counts in an emergency.

When responding to an emergency at your home, time is imperative. If we can't find you, we can't help you. You know where you live – you drive home every day. But we've never been there. Add an element of adverse weather conditions or darkness. Many addresses are difficult to find: long driveways; three or four homes on the same access road with no address posted; some driveways have a line of mailboxes on the main roadway and no indication of location on the driveway.

We have a program that can help.

Sandy Fire District #72 is providing, at cost, a reflective address post with your house numbers on it. It will be assembled and installed, for no extra charge, by the District. The address post is installed at the end of your driveway and/or in front of your home, and the large reflective background makes the post easy to see from a distance, even when weather or darkness could make finding you difficult.

If you wish to participate in this program, please fill out the reverse side of this form. Send the completed form, along with your payment to:

Sandy Fire District #72
17460 Bruns Avenue
PO Box 518
Sandy, Oregon 97055

Please allow 8 weeks process time for the District to complete and install your address post. If you have further questions, feel free to call Todd Kennedy (Sandy Fire District #72) at 668-8093
